|--|---------|
| • Terna Engineering College, Nerul, Navi Mumbai, Maharashtra<br>IT Engineering | Ongoing |
| • Narayana Junior College, Thane, Maharashtra<br>12th grade: HSC Board         | 2020    |
| • D.A.V Public School, Thane, Maharashtra<br>10th grade: CBSE Board            | 2018    |

---

## Work Experiences

- **Studo Industry** **May 2023 – Aug 2023**  
In this internship, the team created a full stack website and application from scratch for students to apply to various projects and connect them to industry professionals with cutting edge technology like T3 Stack.
- **Terna Engineering College** **Dec 2022 – March 2023**  
In this internship, students were developing a app from scratch for people to reach out to politicians and such with their complaints named Jansevak with Flutter application and Node JS backend.
- **Business Web Solutions** **Sept 2022 – Nov 2022**  
In this internship, there were tasks set for each week which needed to be completed and submitted before deadline.

---

## Extra-Curricular Activities

- Entered various Hackathons like [Swamphacks](#) , [Smart India Hackathon \(SIH\)](#) and [Hackformers](#) .
- Managed Discord bots written in Python and JavaScript hosted on AWS EC2/Galaxygate VPS with a team.
- College projects with Java (Netbeans) about **Classroom Management System**, **Cryptocurrency Utilities** with python (Django) and **Handicapped Equipment E-commerce website** (MERN Stack).
